Master of Science Degree in Health Education & Behavior expected in December 2026

- GPA 3.81

University of Central Florida

Bachelor of Science Degree in Clinical Psychology and a Bachelor of Arts in Political Science

- Dean's List: Fall 2017, Spring 2018, Summer 2018, Spring 2019, Summer 2019

RESEARCH EXPERIENCE

McVay Weight Management Lab

August 2024 – November 2025

Research Assistant at the University of Florida

Gainesville, FL

- Contributed to instrument development for a national survey of GLP-1 medication users, including construct table development and synthesis of adverse event data from the STEP and SURMOUNT trials.
- Conducted eligibility screening and participant verification sessions; developed a targeted social-media recruitment strategy across 13 patient communities.
- Executed data cleaning protocols for the FoodTrack+ trial, a dietary self-monitoring study.
- Produced literature syntheses supporting a federal grant proposal on AI-based behavior change interventions, including identification of validated measures of technology trust and attitudes toward AI.

Mathematica Policy Research

March 2022 – June 2025

Research Associate

Washington, D.C.

- Led and contributed to the design and implementation of national surveys, including development of survey specifications, testing protocols, and sample tracking systems.
- Executed qualitative studies including curriculum analysis and usability testing for digital platforms; translated findings into actionable client deliverables.
- Owned key components of multi-phase studies, such as the SNACS and SRAE evaluations, supporting sample reconciliation, provider onboarding, and data quality assurance.
- Presented project updates and data summaries to internal stakeholders; ensured alignment between client objectives and research deliverables.
- Collaborated across research, IT, and field teams to manage complex data transfers and participant tracking systems.
- Conducted over 4,000 literature screening reviews to support evidence-based program assessments.

Adolescent Brain Cognitive Development (ABCD) Study**September 2019 – July 2020***Research Assistant at Shands Pediatric Hospital/ University of Florida**Gainesville, FL*

- Managed a 450-participant clinical study site, coordinating scheduling, data entry, and human subject protocols.
