

Design 8: Create a Promotional Flier

Baseline Task 1: Overall Health Topic

Living kidney donation is one of the most direct ways healthy people can save a life, with more than 90,000 people currently on the transplant waitlist in the United States (National Kidney Registry, 2026). Living donors provide higher quality organs on average, and the planned nature of the surgery makes it lower risk than deceased donation. All costs to the donor are fully covered (National Kidney Registry, 2026). Healthy adults in the United States aged 18 to 40 across all conceivable demographics. On average, this is someone who is values driven and responds to calls to action.

Baseline Task 2: Positioning Statement

We are looking for healthy adults ages 18 to 40 to view the completion of the National Kidney Registry's screener as an effective, safe, cost-free, and most importantly meaningful step towards donation.

Baseline Task 3: Product: Creating the Product Platform

The core product is the meaning and fulfillment that donors will receive from saving another person life while the actual product is NKR's 5 minute screener. The augmented product is the NKR's travel and lost wage coverage that they provide for donor.

Baseline Task 4: Price: Fees & Monetary & Nonmonetary Incentives & Disincentives

There is no cost to being a donor as recipient insurance cover the surgery and testing while the NKR will cover and lost wages. There are no monetary disincentives for donors as cost barriers would directly contradict the campaign's value proposition. For partners the campaign highlights how dialysis exceeds \$100,000 per patient annually making living donation a financial net positive on the healthcare system. For the nonmonetary side, the campaign leads with a strong sense of purpose and fulfillment which is amplified through donor testimonials. The campaign counters inaction by highlighting the 90,000 plus person waitlist.

You Are the Gift of Life.

A trusted, compassionate living kidney donor program connecting generosity with second chances.

Product Platform

A donor-centered experience built on trust, care, and impact.

Core Product

Safe, streamlined living kidney donation that saves and transforms lives.

Actual Product

Easy online screening, education, care navigation, and lifelong donor support.

Augmented Product

Emotional support, financial assistance, peer community, and long-term follow-up.

Price Strategy

Removing barriers and rewarding generosity.

Financial Incentives

Tax benefits, lost wage reimbursement, travel & lodging support.

Personal Incentives

Lifesaving impact, purpose, recognition, and community.

Financial Disincentives

No out-of-pocket costs. We cover the donation journey.

Time & Convenience Disincentives

Minimize time away. We handle the complexity.

THE TANGIBLE GOOD

One kidney. A lifetime of impact.

Your gift gives someone more time, more moments, and a future.

They only need one.
You've got a spare to share.
